

1th IFToMM-Mexico Conference

IFMEX 2027

Tlaxcala, Mexico, June 17-18, 2027

Call for Papers

The aim of the IFToMM-Mexico Conference (IFMEX) is to bring together researchers, industry professionals and students from Mexican frames and around the world to share knowledge, to present the latest developments and to discuss future directions in Mechanism and Machine Science and related engineering disciplines. IFToMM-Mexico will run activity aligned with the mission of IFToMM; the International Federation for the Promotion of Mechanism and Machine Science. The IFMEX-2027 Conference will be held at Autonomous University of Tlaxcala, in Tlaxcala, Mexico.

Topics

Papers are welcome on topics related to aspects of theory, design, practice and application of MMS Mechanism and Machine Science, including but not limited to:

- Mechanism Design and Analysis
- Biomechanical Engineering
- Kinematics and Dynamics of Machines
- Computational Methods in MMS
- Mechatronics
- Gearing and Transmissions
- History of Mechanism Science
- Multibody Dynamics
- Robotics
- Automation and Intelligent Systems
- Vehicle Dynamics and Control
- Control issues of mechanical systems

Proceedings:

Authors are kindly asked to submit original full papers with maximum length of 10 pages in Springer format. Instructions will be available on the conference webpage in due time. All accepted and presented papers will be published in a Scopus indexed Proceedings book of the Springer Series Mechanisms and Machine Science, with the title: "Advances in Mexican Mechanism Science – Proceedings of the 1st International Conference of IFToMM-Mexico". For each of the three categories (Research, Applications, and Student) three awards (Gold, Silver, and Bronze) will be given to the best papers.

Deadlines

Full paper submission: December 20, 2026
Acceptance: February 20, 2027
Final paper submission: March 10, 2027
